Isotherm Stainless Steel Marine Water Heaters

- Specifically designed for use in the demanding marine environment.
- Built using the highest quality components to ensure superior product performance.
- Brushed stainless steel cover as well as 316-grade acid resistant stainless steel inner tank that is backed by a 5-year limited warranty.
- Water is heated to 160+ degrees with just the electric heating element alone.
- With the engine heat exchanger, water can be heated to 190+ degrees.
- The innovative thermostat-controlled mixing valve mixes ships water with the hot water to deliver the temperature you want at the faucet.
- This mixing action speeds recovery time and extends the volume of hot water you get from a smaller tank.

Max pressure: 7.0 Bar; Immersion heater: 115 V / 750 W

Scotsman Ice Machine Cleaner

- Scale remover for ice machines.
- Concentrated scale remover and cleaner.
- Nickel safe, food grade.
- Removes lime scale deposits from Scotsman ice machines.
- Approved for use with any Scotsman ice machine.

Order No	Mfg No	Size	List
103051	W11179302	16 oz.	\$39.99

Isotherm Marine Ice Maker

- Spray-type ice maker that makes 40 pounds of crystal-clear ice per day.
- Designed to work in a mobile environment unlike other products of this type.
- Produces barrel-shaped clear ice that is a dense, slow-melting ice.
- The insulated bin holds 9 pounds of ice which is always a 'loose' ice. Because of this, the Clear Ice Maker requires a drain.
- Mounting flange is optional.
- Complete stainless steel body.
- 22 15/16" H x 13 15/16" W x 16" D
- Cabinet Materials: stainless steel, CFC-free foam insulation. Door: stainless steel
- Warranty: Two-years parts, 5-year limited warranty on compressor

Dimensions are for proud mount. Add 2" door thickness for flush mount dimensions.

CRUISE Classic AC/DC Marine Freezers

• Extra-thick body and door insulation for excellent deep freezing performance and low power consumption

• 12 / 24 V Danfoss / Secop compressor for long life and proven reliability. (AC / DC and DC-only models)

• Door with extra insulation, positive latching handles, and magnetic rubber seals

• Isotherm Freezers are excellent solution for side-by-side installations:

• Stainless Steel Flush mount flanges have built-in ventilation slots to aid in cabinetry ventilation.

(Note: ventilation is key to operation of any refrigeration or freezer system and must be planned correctly in cabinetry)

Stainless Steel Marine AC/DC Refrigerators & Freezers

• Isotherm drawer models give boat builders and owners the flexibility of having fridges, freezers,

or combo models in the most common cut-out sizes in the marine industry.

• Rugged drawer construction specifically designed for the marine environment

• Universal AC/DC works with common power supplies used world-wide including 12/24 volts DC and 115/230 volts AC.

• Matching footprint on DR55 Freezers and DR65 Refrigerators for stacked and side by side installations.

• Isotherm positive latching handles keep doors shut, even in the roughest conditions.

• Award winning frost-free models prevent frost accumulation resulting in reduced energy consumption.
